

Electric Vehicle(EV) Charging Station

DC Public Series——CW01

Key Features

- Support OCPP 1.6J
- Cable Management system
- POS machine optional
- Easy Maintenance
- Low noise
- OEM&ODM available

Product Specification

Electricity			
Model	CW01C230C230	CW01C260C260	CW01C290C290
Input Voltage	400Vac±10%, 50/60Hz, 3Phase+N+PE		
Output Voltage	150~1000Vdc		
Output Power	60kW	120kW	180kW
Output Current	250A+250A(MAX)		
Stand-by Power	<50W		
Efficiency	≥95%		
Protection	Short circuit, Overload, Over temperature, Over current, Over and under voltage, Leakage, Insulation, Lightning protection, Surge, Static electricity, Withstand voltage, Grounding		
User Interface			
Connectivity	Ethernet&4G&WiFi		
Authorization	APP&RFID, Pos machine optional		
Interface	7 inch touch screen, LED indicator, Emergency stop button		
Protocol	OCPP 1.6J		
General			
IP&IK	IP55&IK10		
Cable Length	≥5m(customizable)		
Dimension	993*568*1765mm（L*W*H）		
Weight	450kg		
Cooling	Forced-air cooling
